

"Why should I pay?"

If your Key Club is still meeting in one way or another, it's crucial that you continue to pay your membership dues, even during this unprecedented year. Here's why:

1. Key Club still provides viable resources on service opportunities and events, even if things are virtual.
2. Your community needs you now more than ever!
3. If you're a senior, you need to pay dues to be considered a four year member of Key Club.
4. Key Club is here to provide a community, and fellowship is key to a healthy and happy lifestyle.
5. In order for Key Club International to continue to thrive and grow, dues are necessary.
